### INTRODUCTION

Bang Overseas Ltd is one of the leading manufacturers and exporters of men's wear. Headquartered in Mumbai, our fast growing company was established in the year 1992. Since then we have engaged ourselves in apparel, textile and retail market. We have always focused on the men's wear section however we also deal in providing rare services like concept development, designing, manufacturing, logistics and marketing.

Our company is built with a team of professionals who have fair experience in the garment manufacturing industry. Our high quality imported fabrics are very rarely used in the garment industry, which gives our clothes an edge over others. Managing very high quality standards for our products makes them flawless and impeccable, for which they have been accepted worldwide. We constantly keep a track and update our designers with the latest global fashion trends.

Our designers have been provided full leverage to use their innovation in our clothing, which at most times is very logically fashionable too. Our strong infrastructure and organized networking chain makes it really easy and simple on the clients end on receiving high quality and most trendy men wear and accessories at any stipulated time.

All our products are made from superior quality fabrics & are ranged very competitively. We have rigorous quality norms for our products and services, hence we have always been able to meet international standards. Our company has built two fully equipped and modern apparels manufacturing units in Bangalore. These units have been made with state of art machinery flawless that helps us to manufacture clothing for men. These two modern manufacturing units are named as Reunion Clothing Company and Formal Clothing Company.

Our range of men's wear has been made after careful research on the on going fashion trends. We closely follow both national and international clothing trends and work with innovative yet matured fashion designers to manufacture highly fashionable clothing for men. Quality is not just a norm for us, it is a commitment we follow. We have employed qualified professionals who endlessly perform quality checks at various stages of manufacturing to assure superior quality for our products. We import our raw materials from the most reliable sources in European markets. Our quality department cross checks these high quality and rare fabrics. We have engaged our quality control managers in the process of monitoring every step of the production process. Maintaining high quality standards at every stage helps us to manufacture excellent quality clothes and hence maximize customer satisfaction.

We have been toning up our infrastructure and have done everything needed to be globally recognized. After careful planning, we have developed two highly efficient manufacturing units in Bangalore and Europe (Macedonia). In these units, we use modern machinery that is pretty flawless when it comes to manufacturing of flawless quality products. We have acquired a set of highly professional designers who are well versed with the characteristic of different fabrics used in our clothes. These well-versed designers work in close co-ordination with the manufacturing engineers to keep making impeccable clothing for men. Our manufacturing units have an added advantage of being in close co-ordination with our vendors, which helps us in fast and on time delivery of our products. The infrastructure for our company has been built keeping in mind our values of quality, and commitment to provide flawless products in stipulated time frame.
